

Fuaad Shaikh

I am **Fuaad Shaikh**, currently studying at Fachhochschule Ingolstadt and am doing my M.S. in Automotive Engineering.

I am almost settled here. I've found a wohnung for myself and have also learnt to cook a little bit. Studies are a bit tough but I will manage it.

As decided on the day of the Pre-Departure Talk, we have also started the group sanskriti vistar but not much has been done as yet. But we will have to pull our socks up soon and so we will.

I appreciate your efforts in giving students vital information needed for studies in Germany which is not easily available. If it was'nt for the initial session on 'Studies in Germany' that I had attended, I wouldn't have been here today. I also thank you for the book 'Destination Germany' and the critical information given out on the day of the Pre-Departure Talk. I thank you for your help and co-operation and wish you all the very best for your future endeavours.

I shall surely keep in touch.

With best regards,

Fuaad Shaikh
